**\*\*\* If the initial fecal test is positive, and medications are required, this is not covered within this package and is the owner's responsibility. However, the first recheck fecal is included.**

**Owners Initials**

When purchasing this kitten wellness and prevention package, you will be entitled to a **25% discount off spaying or neutering** up to 1 year of age.

When purchasing this discount package, full payment is required on your pet's first visit. +This package cannot be altered or changed in any way with the exception of your pet being microchipped prior to visit. Nothing in this package is optional, everything is recommended by your veterinarian for the best possible care for your pet. **For appropriate immunity, all kittens should receive their final FVRCP vaccine at 16 weeks of age or older. If this additional vaccine is necessary for your pet, it will be included in the package.**

When purchasing this package, you must understand that there is no refund or transfer for services and **any medical concerns, diagnostics, and/or medication relating to the preventative services above, are not included in this package. It will be your responsibility to pay separately for further medical services.** However, if your pet becomes ill with one of the above diseases vaccinated for, as long as the protocol outlined above was followed in the prescribed time, the patients' treatment will be fully covered by Rita Ranch Pet Hospital and the manufacturer of the vaccine.

I, as the owner of this patient, fully understand the requirements and conditions for the purchase of this discounted package for the health of my kitten.
